## What is a 2-D piece?

2-D artwork includes all paintings on paper, drawings, illustrations, printed photographs and digital illustrations.

If you are unsure whether your artwork is 2-D, please contact us directly so that we can help determine the best method of display.

All 3-D works (sculpture, fashion, and jewelry) and works on stretched canvas can be brought to Cheekwood as is. If no assembly is required, they are considered “ready for display.”

All work (2-D and 3-D) should be brought to Cheekwood “ready for display.” That means already matted and/or assembled. This includes having all photographs and digital illustrations printed and matted to one of the frame sizes listed above.
